What's in a Road Name?

Whatever your nickname or road name is, it should be a reflection of who you are and what you portray or

stand for. A good nickname doesn't just sound cool, it tells a story. Nicknames are what other bikers know you by. Make it personal: Use a real name, use a profession, use hometown, use interests, use whatever makes it unique to the biker. Make it funny: Not a requirement, but a funny name is always a great conversation starter! I bet "Halfstep" would have a great story behind it. Make it easy to remember: This isn't a time to get formal and fancy. Keep your name short and simple so fellow bikers will remember it. Make it fierce: You're badass! You're feisty! You're a biker! If you're going to come up with your own name, make sure it resembles what a awesome person you are! But by all means don't make it as hard as some of the personalized license plates I spend 5 to 10 minutes trying to figure out what the hell it's saying. Make it sexy: Pick a name that shows your sultry side! Make it suit you: But most importantly, your road name should match your personality, appearance, character, skill sets, riding characteristics, or occupation. Don't pick a name just based on how it sounds, pick it because it suits you or the road name, you're attempting to give someone. Make it worth remembering. So for now I say goodnight, ride safe and may the sun always be at your back. Heinz out.

"Always remember, friends don't let friends ride alone. Now get out there and put some miles on"

Memphis H.O.G. Chapter 4928 official ride planning guidelines

- #1** As **creator** of an official Memphis H.O.G. chapter 4928 ride with its ending destination, you must call and confirm that the restaurant or venue has accepted our members coming to their establishment with an approximate head count.
- #2** Create the route the members will take to the destination in one of the different route creators, for example the Harley Davison Ride Planner, with waypoints to control the route taken by members. Confirm a Road Captain that will be leading the ride. If no Road Captain is available, you, as the **creator** must take full responsibility, which entails keeping up with all the legal paperwork, like sign in sheets, and nonmember waiver forms, and carry accident reporting paperwork in case of an incident.
- #3** All forms will be available in the HOG drawer at the parts counter at Bumpus. If your ride leaves before Bumpus opens, either go to the dealership the day prior or reach out to Tim Backus (patkattim@yahoo.com), or Roelant Verbeek (verbeekr@yahoo.com) The following documents need to be filled out as needed:
1. Sign in sheets
 2. Nonmember waiver form
 3. Minor waiver forms (there are 2, 1 for the minor itself and for the parents of the minor)
 4. Accident reporting form
 5. All paperwork must be turned into Secretary Jim Tactac (jatactac1@comcast.net) for record keeping purposes
- #4** Submit ride plan with route via email to the following officers Tim Backus (patkattim@yahoo.com), Roelant Verbeek (verbeekr@yahoo.com), Dave Stockton (dmstockton@comcast.net) for approval.
- #5** Once approved contact Cathy Coats via email (cathycoats1955@gmail.com) or instant messenger. So she can create a post for the ride on membership websites, memphishog.com and Facebook, **48** hours prior to the time of the ride.
- #6** Road Captain or **creator** of the ride will be responsible for pre ride safety meeting. Complete a hand signal demonstration, announce who will be **sweeping**. Give a verbal route the ride will take to members, lead in the pledge allegiance, designate someone for prayer.
- #7** Road Captain or **creator** of the ride must make sure that participants are aware that the ride ends at its destination point. Road Captain or creator of the ride must ensure members know their way back to Bumpus Harley-Davidson or as close to it as possible

Make it your own, plan a H.O.G. ride

Dutch's Corner

So, this past weekend made me realize what creatures of habit we are/I am. I rented a car that did not have a back-up camera. Do you still remember how to drive without one? Every time I had to back up, I was looking for the back-up camera display. It was very frustrating not to have that feature. I was in the Netherlands and there you are not allowed to turn right on a red light. Always gets me. The same thing holds for when you are in the shower, if you start soaping your left leg, but you normally start with your right leg, you get turned around and don't even know how to finish your shower. What about drying yourself? Have you ever changed the order in which you dry yourself when you get out of a shower? Gets me all messed up when I do that.

Have you ever tried to put your seatbelt on when you get on your bike? I still want to do so ever so often. What about not having a heel shifter, like on the new bikes? I had a heel shifter on my Street Glide and I loved it. When I traded the bike in for my Ultra Limited, I no longer had a heel shifter. Led to a few confusing moments when I had to shift up. My mind said, push the heel shifter down. My heel said, there is no such thing as a heel shifter after it tried to use the imaginary heel shifter. My mind is still in that heel shifter mode and tells my leg that it needs to push something down. Well, if there is no heel shifter, then push the shifter under your toes down. Now instead of having shifted up, I am kicking myself a gear lower and am 2 gears below where I wanted to be. It has taken me some time to get used to that and hopefully I have kicked the habit.

Being a creature of habit is dangerous when riding on only 2 wheels. We have to be even more vigilant than when we drive our cars/trucks. On the other hand, being a creature of habit also helps us when we ride, because things become second nature and we don't have to pay attention to every motion that takes up a particular procedure, think about shifting. 😊 So, maybe being a creature of habit isn't all that bad after all.

JUST TO REFRESH YOU

scavenger hunt list and rules for 2022.

- The contest goes through Thanksgiving 2022. That means your last opportunity for a picture is Thanksgiving weekend and all entries need to be submitted to me by that Sunday midnight.
- The winner will be announced at the HOG Christmas party. The winner will be the one with the most entries submitted. If there are multiple folks with the same number of entries, then we will randomly draw a name.
- You earn entries by snapping a picture of yourself and your motorcycle in front of the object and sending that picture to me at verbeekr@yahoo.com. Please add the following to the subject line *Memphis HOG Scavenger Hunt*. Make sure you add which category your entry should fall under.
 - In some cases it will not be possible to have your bike in the picture, no problem, just take a selfie and explain why the bike could not be in the picture.
 - In some cases it may be easier to do a group photo, like when you are on a ride with a group and it would take up too much time to take individual pictures. Have one person from the group submit the picture with a list of names that are in the group picture.
- You can have as many entries as you can for a particular object. For instance, you go on multiple trips where you can take a picture with a ferry, submit them all and you'll receive credit for all of them. However, it has to be a different ferry for each entry.
- You do not have to take pictures during HOG events, you can do this all on your own.
- Every entry is worth 1 point. You can get 5 points maximum in each item.

- All decisions on whether or not an entry is valid will be made by me and are final (no whining allowed).

Here is the list:

1. Ferry
2. Totem pole
3. Bikes on Beale (5 entries max)
4. Graceland
5. Harley Davidson dealerships (one entry per dealerships)
6. Post Offices whose name start with the first letter of your last name (sorry Mike Zdancewicz)
7. Covered bridge
8. HOG check in point at a rally
9. National Park sign
10. Eiffel Tower in Paris, TN or Paris, France
11. Civil War battlefield
12. Elvis' birth house in Tupelo
13. Crossroads in Clarksdale, MS
14. Waterfall
15. Dam
16. Presidential birthplace
17. Road sign with the word "gap" in it
18. Road sign with YOUR name on it (first or last name)
19. Town that's same name as a country
20. Memphis Motor Speedway sign
21. You eating an ice cream cone
22. Porta Potty or public restroom
23. Graffiti mural
24. Water fountain
25. A restaurant that starts with the first letter of your last or first name (5 entries max)
26. Roadkill
27. Clocktower
28. A speed limit sign that doesn't end in 0 or 5
29. McDonald's golden arches
30. Tail of the Dragon sign
31. Stay safe when you collect these items, don't ever get into disrupting traffic for a picture. This is for fun, do not kill yourself over this! Good luck and I hope you enjoy the game.

Here is to another year of fun (in the sun) with lots of laughter and lots of miles! Roelant

ACTIVITIES CHIT CHAT

APRIL NEWSLETTER

The month of April has a religious holiday on April 17, which is Easter. I remember when I was a little girl being so excited about the Easter bunny coming. I would go to sleep the night before knowing that the next morning I would have a basket of wonderful candy beside my bed when I woke up the next morning. I would examine my basket with care, and I'd get to eat a couple of pieces before church. We would get

very dressed up in our brand-new Easter outfits, which were much dressier than our regular church clothes. Then off to church we went to celebrate that He had risen from His grave. Of course, as a child I was anxious to get back home to my Easter candy. There came the time when I knew who the Easter bunny really was, but I still continued to receive a basket for another couple of years. However, I admit I was disappointed that first Easter morning without an Easter basket. What childhood memories do you have about Easter?

Despite some crazy weather, March was busy with 6 lunch rides and our dinner social at Olympic Oakland. Larry Allen, our safety director, presented a great safety class to a full house/standing room only. Bumpus held their first employee led ride.

April is a full month of fun and exciting rides and trips. We have a blues ride to Clarksdale with a scavenger hunt item to be found. There is also the Wild Pigs Poker Run benefitting law enforcement. There is another scavenger hunt item on the Full Throttle ride April 9. April 13 is the first night for Beale St Bike Night and we will be having our dinner social that night on Beale St. There is the Cajun Country HOG Rally and the Eureka Springs trip. Both promise to be exciting times. Last, but not least of importance, is our Past Directors' Ride to Rattlesnake Saloon on April 30. If you are a scavenger, several of our rides will interest you.

Please carefully review the schedule below. I've made some changes and additions. I had to make changes due to items popping up and also to accommodate a couple of the additions.

MESSAGE FROM HOG SAFETY OFFICER HOG Safety Article April 2022

I hope everyone is having fun on the various HOG rides and you are doing a good job at keeping safe on the open road. This month's article is about SCANNING while riding. We all know that as a motorcyclist we feel like we have a target on our backs. It seems like cars, trucks, dogs, pedestrians etc. are aiming for us. In today's modern times the cell phone and touch screen panels in cars and trucks add to the danger we face on the road. As a two wheeler we also have to be very aware of road conditions all the time. Items such as gravel, wet roads, oil, potholes, speed bumps and railroad tracks are dangerous to us when they would not be a second thought in a car.

As riders we can't get complacent on our bikes. You have to scan your mirrors, instrument panel, stuff ahead, stuff behind, and stuff on the sides all while you are riding. Proper scanning techniques can help you stay out of trouble. The secret is to not dwell at one area for a long time. Train your eyes to move around systematically in all directions. It understandable you will spend most of your time looking straight ahead with less time looking behind. How long is your complete scan cycle? Is it 8 seconds, 10 seconds etc.? How do you divide it up among looking forward, in mirrors to the sides and rear, at the instrument panel. When you are in traffic you will speed up the scanning process and on the long road you can slow it down. However, learning to scan effectively will make you a safer and better rider on the streets. I hope these thoughts help.

Membership Alley

April showers... hopefully not TOO many! We are excited to continue this year's riding season as the weather begins to get warm. Thanks to all the members that met the chapter's membership renewal deadline. Just in case anyone needs a reminder, the annual renewal deadline was February 28, 2022. If you have not completed your Memphis HOG Chapter form and paid your \$25.00 annual dues, please do so, ASAP! As of April 04, 2022, the chapter has 130 active members. We have reached out to 17 potential members and added 7 new members, thus far. As always, we want to welcome any newcomers to our chapter. Please contact either Chris or Tracy with any questions regarding the membership renewal form, annual dues or riders that may be interested in joining our riding club. Now, let's go ride!

The Treasurer's Spot

Update from the Treasurer's corner...

Our March account started with \$6,225.08. We had deposits of \$2,178.49, which was mostly from t-shirt sales, membership dues and tips from our Bumpus grillers! Our purchases/checks amounted to \$222.64, which included expenses for our photo storage account for the website, and the payment to secure this year's HogWaller picnic shelter. This left us with an effective balance of \$8,180.93.

If you ordered Chapter T-Shirts or name badges, please use PayPal (Friends and Family) or leave your payment in the drawer at the parts counter at Bumpus.

Please reach out to me if you have any questions (email preferred - susan_miller@outlook.com).

The Webmaster Desk

If you were at the March HOG meeting, you heard Roelant introduce the “Scavenger Hunt 2022” contest. If you have not already noticed, I have placed a button on the Home Page that links to the rules and guidelines for the contest. It provides access for a quick reference, just pull it up on your smartphone.

The Memphis HOG website serves as our method for communication to our membership as well as to the world of whomever views the website. **It has evolved to our centrally located place to record who we are and how we roll.** It is essentially our Policies and Procedures Manual. Examples are the Participation Page defining our “Points and Mileage Program”, the Membership Page on how to become a member, and the Road Captains Page outlining the expectations of a Road Captain which also serves as a repository for various downloadable forms to keep us in compliance with National HOG. Our Safety Page serves as a resource to help maintain safety in our group as well as provide links to additional information regarding safety. We occasionally receive inquires of various subjects from other HOG Chapters around the country. As other HOG Chapters are looking at us, my goal is to make sure we make a good first impression and to show viewers, **Memphis HOG is having a good time!**

Lastly, the Events Calendars continues to be the most visited page on our website. And this past month, although not visited as often as the Events Calendar, visitors to the Road Captains page spent more time on the page than any other.
