Director's Corner
Greg Patton

What a GREAT day for the 25th annual HOG Waller. Roughly 70 of us gathered for a day filled with fun, friendship, and of course food. I want to thank Jim and Tammy Stingley for organizing the day and the events that took place. I also want to extend a special thanks to Jeff and Michele Poland for treating us to some great BBQ and Lee Bowling who also helped with set up and coaching Jeff. Thanks to Brian and Michele Bryant for picking up the drinks and bike games from Bumpus, Linda Gibson who picked up the side dishes from Fresh Slices and to the Road Captains who showed up early to help set up the bike games and LOH members for setting up the food. This event is and continues to be one of our chapter highlights of the year.

Officer elections will take place at the November 10th chapter meeting.

Each chapter member will receive one ballot in which to vote. There will be no early voting or absentee voting. You must be present to cast your ballot. Each of the two candidates will be making a 3 minute speech prior to the election.

Make your plans now to attend our 2nd annual Thanksgiving Dinner at Fresh Slices on November 15. Ike will be preparing a special Thanksgiving feast for all of us to enjoy. **Please make sure your reserve your seat!**

This is especially important for this event as Ike needs a headcount to properly prepare. You may reserve your seat at.....

Another great Saturday in the park, Hog Waller 2012, October 13th. We couldn't have asked for better weather. Combat croquet, delicious BBQ, yummy sides, fellowshipping across the picnic table, a scary Halloween LOH basket, bike games, wet & dry non-bike games, trophies, commemorative T-shirts, and group photos. It took a lot of people sharing their time and talents to make it a success. And we want to give a special thank you to Tim & Mary Bumpus, our chapter sponsors. (Photos will be forthcoming.)

"Know Your Officers"

This month features Pam Powell serving our chapter as secretary and membership officer and Burt Powell, as our newsletter editor. Ladies first. Pam joined the Memphis Hog Chapter back in 2006. She was born in Arkadelphia, Arkansas and grew up in Hot Springs, the boyhood home of former president Bill Clinton. Pam

moved to Memphis in 1983. Pam says that she and Burt have been married for 21 wonderful years. Pam has been teaching school for 23 years and currently teaches 2nd grade at Riverwood Elementary. She loves traveling, along with photography, scrapbooking and reading.

Burt & Pam have traveled to 22 states. Their longest motorcycle trip was 2100 miles. The most memorable trip was through the Vermont, New Hampshire and the beautiful Adirondack mountains of New York State. Their most frightening road incident was being buzzed by "the blasted crotch rockets" while traversing Highway 129, the Tail of the Dragon. Pam has been very active in the Memphis chapter, serving as Secretary & Membership for 2 years and as LOH officer for 2 years.

Burt is a native Memphian, born and raised here in Bluff City. He has been in the fire prevention business for 36 years as a fire alarm technician with Johnson Controls. Besides motorcycles, Burt's other interests include music, snow skiing and water skiing, hiking and camping.

Motorcycles were a tradition in his family. His grandfather owned a 1920 Indian and his brother had a 1960 Harley Super 10.

Burt joined the Memphis Hog chapter in 2006. He's been riding for 7 years and during that time, he has owned 3 motorcycles. His current motorcycles are a Dyna Wide Glide and a new Ultra Classic. Burt is a member of the Iron Butt Association, whose entry to membership requires a single ride of over 1,000 miles in a 24 hour period. Burt has been a road captain for 6 years and our newsletter editor for the past 3 years.

Both Pam and Burt enjoy national events such as the ABC's of touring and chapter events such as our Natchez Trace Posse ride. And finally, their advice to new HOG members is ... "Wear out some tires!"

Chaplain Doorley
Peter Doorley

Hey, where are we?

I remember when I was a kid we would go on a holiday road trip in the family station wagon, Mom & Dad and my three brothers. To keep us boys quiet, Mom handed us a road map -- you remember, those big old paper things that took about 10 minutes to fold back into a shape you could stuff into the glove box. After studying the map and trying in vain to determine where we were, I told my mother that there should be a map that would show where the car was and also follow the car's progress during the trip. That was the early 1960's. Now fast forward to the early 2000's and the global positioning satellite (GPS) network. I guess I was ahead of my time and I had to wait nearly 40 years for my wish to come true. A while back, science writer

Arthur C. Clarke penned a few science laws that applied to life situations. One is -- to the casual observer practically all extremely advanced technology is the same as magic. Our GPS systems are a good example of this modern magic. Here we have multiple satellites in geosynchronous orbit 1250 miles over the earth and all of them are beaming down special signals at the speed of light. Meanwhile down here on earth we have GPS units not much bigger than a pack of cigarettes that are programed to collect and compare the time signature of these signals. Once they have collected signals from 3 or more satellites they compute and display our location on a color map with an accuracy of about 10 feet. Is that technology, magic, or miracle?

I keep a quote by Albert Einstein where he says that, "There are two ways to live your life. One is that nothing is a miracle and the other is that everything is a miracle." I am in the 'everything is a miracle' camp. Looking back at my past letters you'll notice I like to put a science spin on things. However, as for the miracles, I just enjoy them. We're fast approaching the season of

miracles when most people are inclined to be more caring and also have a desire to travel to be near friends and family. The season starts a little before Thanksgiving and ends shortly after New Year's Day. I think traveling is something that's hard-wired into our DNA like the way some animals instinctively migrate, because it seems to happen to most of us every year. And now, we can program our GPS units to direct us to Grandma's house no matter what happens over the river and through the woods. As for the caring part, the Bible says in Hebrews that we should show brotherly love and hospitality to strangers. In so doing, some of us have entertained angels without knowing it. So in this season of caring we should take the time to look around for opportunities to show kindness. We can do this by giving of our time, talents or money. So let's take advantage of the season, jump in with both feet and enjoy ourselves and maybe we'll have a story to tell.

Rejoice - God loves you and so do I.

Stingley**

November is here and with it comes a change of gears. Although we still have a few official rides left and some great weather, it's time to start thinking about our fall social events. I hope everyone can join us on November 15th for our Thanksgiving Dinner, this is always a good time for all! Yes the LOH Charlene's ride is our last ride November 17th. We would like to invite and encourage everyone to join us! Let's polish off a great year with a big turnout for this one.

Tammy and I would like to say a few things about this year's Hog Waller! First, we would like to thank everyone who helped out and volunteered. The Hog Waller would not be a success without you and a special thank-you to our cooks Jeff and Michele Poland,

Lee Bowling and Ike Logan for the great food and to Larry White for cool looking T-Shirts. Thank-you, Thank-you, Thank-you!

Wow! What a great day, outstanding BBQ, great friends and fun games. But not to worry if you missed this one we hope to see you at next year's Waller! For those of you that had your first Hog Waller experience and wanted to see what it was all about, I hope you had a good time and will join in on the games next year. Nothing wrong with that, Tammy and I did the same thing and I can tell you that when you get involved, it makes the experience that much more enjoyable!

Congratulations, to all of the Winners!

Balloon Toss
1st Randy & Charlie Wagley
